Description

One of the most reliable and forgiving shapes on the market, the Valhalla is perfect for beginner and intermediate riders who rely on consistent, predictable performance to improve their riding. Simultaneously, some of the best riders in the world, Shota Tezuka and David O'Caoimh, rave about the Valhalla and have made it their go-to shape. Its Feather Core, tapered thickness profile, and molded fins give the Valhalla tons of control from edge to edge, making it an ultra-reliable board. Paired with a Progressive Rocker and Delta Base, the Valhalla generates a smooth, controlled pop off the wake; allowing the rider to maintain control in the air and build confidence in their riding.
