Description

The Jobe Perth 3/2 Chest Zip Wetsuit is made out of nuclear flex neoprene which gives you the ultimate feeling of freedom. Next to the fact that it simply looks good, it feels good too due to a comfortable stitch construction, which is soft to your skin. Our chest zip technology makes the suit more flexible on the back area, due to less resistance from the zipper. The added ultra-resistant and ultra-high endurance kneepads protect against abrasion.

The best suit is a wetsuit!

PERTH WETSUIT FEATURES:

- 3 mm neoprene on chest & back, 2 mm on other panels
- Full stretch neoprene
- Soft & flexible stitched seams
- Strengthening tape inside
- Chest zipper for max flex & minimal water entry
- Protective strong knee pads
